

Title: Medical Technician-Surgery, Level I, II, or III

Position Summary: The Animal Rescue League of Berks County is seeking a compassionate, skilled, and team-oriented **Surgery Technician** to join our veterinary team. We are open to candidates at the **Level 1, Level 2, or Level 3** level based on experience, technical skills, and surgical support expertise.

In this role, you will assist veterinarians with high-quality surgical care by preparing patients for surgery, monitoring anesthesia, supporting sterile surgical procedures, and providing post-operative care. Technicians at higher levels may independently perform advanced technical duties, mentor team members, assist with training, and take a lead role in surgical operations and patient care.

The ideal candidate is passionate about animal welfare, committed to patient safety, and able to thrive in a fast-paced environment while maintaining exceptional attention to detail.

Key Responsibilities:

- Prepare surgical patients and equipment for procedures
- Induce, monitor, and recover patients under anesthesia
- Assist veterinarians during surgical procedures
- Provide post-operative monitoring and care
- Maintain accurate medical records
- Support inventory, equipment maintenance, and surgical suite cleanliness
- Collaborate with veterinary and shelter teams to ensure excellent patient outcomes

Qualifications Vary by Level: Candidates may qualify for Level 1, 2, or 3 placement based on their education, credentials, technical abilities, experience with anesthesia and surgery, leadership skills, and demonstrated proficiency in veterinary nursing.

Join our team and help provide lifesaving care to animals in need while growing your skills within a collaborative and mission-driven organization.
